

Pulling the plug

Posted by eyes - 10 Aug 2020 01:59

---

Dear friends

Something happened to me today that was amazing Baruch Hashem.

I was studying today minding my own business when I wanted to check my email. I realized that my little son had pulled the plug to the internet not allowing me to go on the web. I felt amazing.

Guys we need to pull the plug.

At night pull the plug to that modem.

Get it shut off

its worth it. It could save lives

Love ya all
