

Bein Hazemanim blues

TTTO: Peasach blues

Don't you love the time of Bein Hazemanim

What a great time for boys and men

But it just happens that the urges start comin'

And I don't wanna fall again

When every sight that I see makes me crazy

All the stresses and life's demands

Too much time to contemplate my fantasies

Just help me keep my hands outta my pants!

I got the bein Hazemanim blues

Us addicts gotta pay our dues

My heart is pounding and my brain feels numb

Watching my eyes don't seem like fun

I got the bein Hazemanim blues

The Bein Hazemanim blues

Ma Nishtana why is this year Different

Well this year I'm a changed man

I wrote myself a brand new set of blueprints

You GYEers are my biggest fans

So I'm opening this forum to the public

For some ideas maybe a chap

Mussar, or a little drop of Chizuk

And now ill get off my soapbox

I got the bein Hazemanim blues

Us addicts gotta pay our dues

My heart is pounding and my brain feels numb

Watching my eyes don't seem like fun

I got the bein Hazemanim blues

The Bein Hazemanim blues

I hope we could use this thread for ideas and tips to get thru Bein Hazemanim/Yom Tov

Ill start,

Get a chavrusa for at least an hour a day.

That sounds like a perfect song for Moshe yess or the diaspora yeshiva band. On a more serious note, I would recommend learning any of the seforin of r Moshe wolfson over Bain hazmanim. He was a well known mashgiach who helped many bachurim. You will come away inspired for shmiras habris and shmiras eynayim.

Wondering where I could find them?

Love the idea of this thread... bein hazmanim always a very hard time...

Most yeshivos and sefarim stores have his seforim. There's also a website. Try googling Moshe wolfson. Emunas yisrael emunas itecha.

He helped many bachurim struggling with shmiras habris.
