Hi everyone.

Regarding last night's meeting with DC, there was no recording, and hardly any singing (2 songs at the end). This time it was more like an introductory SA meeting than a kumsitz. Most of the time DC spoke about his program and the 12 steps. This made sense since 5 of the 7 guys who were there hadn't done the calls and weren't familiar with it.

It was important that this wasn't recorded because it gave everyone a chance to speak freely.

It was very special to meet DC in person, and he hosted a very nice spread. Thank you again so much Duvid Chaim for hosting us and sharing your wisdom with us!

Thank you IT25 for helping put this together by sending out PMs to everyone.

And shkoyach to Momo for making it all happen!

I have not been on the calls, but I thought it was a good meeting.

Thanks DC!

Steve, when are you organizing your own kumsitz?
