Posted by aish kodesh - 30 Apr 2010 02:00

When i replay all of my old falls ,avaros and try to see what did i gain from my 30 second pleasure ,

it only made me depressed ,

it got me sick with guilt ,

i was addicted to do more ,

i was working for the yatzer hora he told me what to do

etc. etc

but the good i did is just the opposite only good comes from it

after 120 yr a person will have to watch his own movie there is no delete he will

have to answer to the boss for every avairah
