as we know we are all aproaching succos (only one day left till we are there) and one of my favorite parts is the simchas beis hashoevas. and its known that here in america/ outside of eretz yisrael there is no comparison. and jewish music happens to be something that helps me and strengthens me (usually) so those of you who are going to any simchas beis hashievas (aspecially those people who live in israel) PLEASE record and music/niggunim that are being played and post them here on this thread!

P.S. this doesnt just apply to succos, im just saying succos cus thats what we are about to enter into.

thanks

HS
