Wow am I slow! Im thinking what's violets got to do with anything...

then it clicked ???

LOL

That's violates

oh! never mind. ;D

I find it ironic that I started a thread called "clarity please" when I started here about 2 weeks ago. It got some very good answers and addressed alot of these points. But the chevra that you are waiting for over here didnt show up there either. Then I opened a thread on stress management and the thing explodes into a hashkafic discussion that I was looking for 2 weeks ago! Go figure!

Didn't I tell you already.....

Rage give Oscar Robertson some time he'll come on over.

Well I do sa and chovos ha'livavos, and still don't get the joke and I'm too tired to get off the couch to daven ma'ariv here @ 2:20 am... All cooked out (and sober :-)) here in a spaced out

world of my own
