dearest brothers, is there an equivalent of a gye-style forum for jewish men out there... same safe (small!) environment where i can get help with NON-shomer habris items from fellow yidden? i am presumably an adult who should know better but i still keep screwing up my life on so many levels. Any recommendations appreciated :-)

PS did u see this vid? wow. www.gruntig.net/2011/07/movie-with-lesson.html
