Hi happy to hear you're learning in Israel and want to keep in contact with the program...

I'm not sure how it is today but a few years ago the cell phone plans were about 10 cents/min.  
so an hour long phone call costs about \$6. In the big picture of things it's not that much...

For 80 sheks a month you can get 2500 minutes to land lines and kosher phones in Israel plus 150 minutes to non kosher cellphones. You can then use Rebtel.com to get an Israeli land line number for the calls.that costs 1.5 cents a minute. I am familiar with this issue so if you want to discuss it you can contact me tsheeva @gmail.com

good luck
