

Help GYE

Posted by mayimtehorim - 16 Jan 2012 14:26

I would like to propose reserving PRIME advertising space on "frum" websites for GYE ads. I am ready to be the first sponsor. Please sign up to sponsor as well.

What websites are we targeting? Suggestions?

Do frum websites give GYE a discount of prime ad space (not talking about a banner on the bottom somewhere)? What is the approximate cost?

Is there a truly anonymous way to contribute money?

You can contribute via paypal. If you use a different email than the one you used to sign up here nobody can know it's you.
