This story is starting to remind of [this](#) true story. Yikes.

Guard, I want an honest answer (remember your amongst friends) was the Shmiras Einayim Chizuk email late today because you were to involved and excited with "Harry's Son"? Comon fess up! Yes or No?

No, it's cuz I needed to finish the ad [here](#) on [this thread](#)! The deadline was last night... :-[

But yes, it was hard to work on the ad while thinking about Heshy... I guess that's why it took so

I was actually going to say I don't have rachmanus for her; I'm also partial.

But I suppose that's what Bard is trying to say; the life of the trophy wife is apparently not as glamorous as we might imagine it. As they say " you look as good as a second wife..."

Was that the end of the story or is there more coming?

A lot more coming.

we are just about 3/4 to the end of the story a few more chapters to come but then there will be a replay with subtitles as what went wrong in every chapter & How to avoid it in the first place Or fix what damage has been done.

Everyone is invited to give their opinion at that time as to what you think would be the right approach to deal or avoid the problems this family has gone through.

I know all this because I'm privileged to be the Rebbes Gabbe & he talks it through with me as it comes to life.

Either that, or Bards has a split personality, and you're the other half! :D ;D

Well nope:

I'm sure Reb Guard can testify that we are 2 separate individuals.

A few point.

- 1) I had a son about 2.5 months ago & last time I checked I'm married to one woman only.
- 2) We live about an hour and 10 min. away from one another depending on speed & traffic.
- 3) I Hate to use all caps all the time.

4) I don't come close to the amount of Torah bardichev knows.

5) I'm not a grandson from the Heiliger Bardichever

6) I don't Drink alcohol not even woodford.

I think I made my case.

This is indeed a very serious case of split personality disorder. How can we help him (them?)

EL *can't* be the bardichever, because he referred to reb "b" as "the Rebbe", and bardichever's first post clearly stated that he is humble. He'd *never* refer to himself as "the Rebbe"!! So there.
