Posted by newbeginning - 07 Sep 2014 02:24

Hey!

Covenant eyes have recently ran a competition where you create an infographic on the effects of pornography and if you get the most votes you win \$3000

They recommend asking your family and friends to vote, but as my family do not know about this problem, I consider you guys my family!!!!

Please could you vote for me on the following link! All you have to do is vote for the IMAGE NUMBER 165 - there are quite a few images so it will take some time to load!!!

If I was to win, I will be donating some of it to GYE!

Thanks so much!
