

12 Steps with Dov - in Less than 90 Minutes

Please let me know (either here or via email: [thenewme613@hotmail.com](mailto:thenewme613@hotmail.com)) if you are interested in a crash session with Dov explainin' the 12 steps (each one) - how they worked for him, and how they can work for you. There will be time for questions in between each step (if you are quick) and the responses will be brief and to the point. Afterwards, there will be a group email, and if you have further questions, you can send. You might also be able (dependin' on time) to call Dov afterwards to discuss.

I think it's a good opportunity to see if the steps are for you; a good review if you have already done them; and even if you are pretty convinced that they are not for you, perhaps (and maybe not) you can give 90 minutes or less of your time to determine with a certainty.

Let me know please.

thank you

Wow, interesting when an old thread like this gets bumped up. Vermealen, what does your comment mean and how is it responsive to this old post?

Anyway, maybe it's hashgacha pratis, because if you have already determined that the steps are for you and you want to start working them, a new session of Dov's Desperadoes is starting tomorrow. Contact Dov directly, if you're interested. His contact info is available on this site.
