Doing business with women...what to do?

_____

Ok I'm going back to work tomorrow, my issue is I do business with ALOT of women due to the business that I'm in. Almost everyday I come across a women I find attractive. Now I feel that it's proper to look at someone in the face when speaking to them. Being the case I sometimes find my mind wandering about the female I am talking to. Please!!! Some advice of things that work for you when you are in a similar situation. I would really love to talk to them and not have my mind go "there". Thanks.

I think the answer lies in the rest of the day; not while the woman is before you.

If we are cleared from lustin' beforehand, talkin' to a woman will not bother us.

It is when we are still in the throes of lust that it becomes a problem.

What have we done to better ourselves?

If we look at her, and we idolize, objectify, fantasize, etc., we did not do our job beforehand.
