Help! I had someone who sponsored me for years, yet he's ineffective. How do I go about finding a new sponsor on this site?

Welcome.

You'll excuse me, but he was your sponsor for years, and HE is ineffective!?

I feel we need a bit more information.

How long sober are you?

Are you part of a group (SA, Duvid Duvid or something)? Where did you get your sponsor from?

Was your sponsor helpful? What has changed?

What has worked for you? What has not worked for you?
