

The other side

Posted by BruceWayne - 22 Nov 2009 00:56

I recently came across some short autobiographical stories of p**n actresses (and even actors). The following is a behind the scenes look at what goes on. Degradation, drugs (both on the set to get through the scene and off the set), abuse (particularly in childhood), depression, empty and shattered lives. It's standard fare, and this is one of the more tame examples.

So next time you feel like looking at some of that stuff, just remember that you're getting a finished product that is nothing but a lie. It's all smoke and mirrors elegantly designed to cover up the pain and the horrors that really go on.

You would also be contributing to someone's ruin (not just yours). Since you're nice guys, you wouldn't want to ruin someone's entire life, right?

Right?

I started in the porn industry back in 2003 when I was 19. It started with me doing a little nude modeling here and there, then it progressed into internet work and then I met an "agent". It all went downhill from there. The money was great for a 19 year old! But I didn't enjoy being on set and feeling degraded.

I loved the attention from everyone but now that I look back, that's not the kind of attention I deserved. But, I was young, naive, motivated by the money and the "fame". It was easy for an agent to take advantage of me, and many did.

Over the course of my porn career I have been belittled and treated like a piece of trash more than I could have ever imagined in a lifetime I would. I wasn't a woman in any of these directors eyes, I was nothing to them. The male talent at times were nice, but sometimes, they were

horrible. I've had men choke me, slap me, thrust me so hard until I couldn't walk and this would happen even after I would tell them to stop. They have no respect for women.

There were always drugs and we would binge on Ecstasy, Cocaine, Marijuana, Valium, Vicodin and alcohol. I thank God I am even still here! I also did "escorting" in the porn industry for agencies where we were sent to Las Vegas to do "privates". I also know agents who lie to the girls and tell them they are shooting a scene when instead they set up prostitution acts for them.

I have cried and screamed and almost lost it at times because of this horrible industry. I have now been on Lexapro since January because I dropped to 85 lbs and it was from all the stress and anxiety from this business. I am now back up to 103 lbs and feeling better, but it's going to be a long time until I fully recover. It sucks you in and is hard to get out, but once you do get out... it's the greatest feeling ever. Although it's an extremely difficult and uphill battle, I know I'll be okay. The industry is infected with drugs and disease. I have had multiple tests come back positive for Chlamydia and gonorrhea. My so-called friends and ex introduced me to a variety of drugs and we were on a 6 month binge. All my money went to partying and my car got repossessed, I got evicted, had run-ins with the police, almost lost my contract and lost touch with my family. I almost always had to be "messed up" on set to get through it. I look back and it makes me sick because that is not the person my dad raised me to be.

I am so grateful for my son because I got pregnant and that's what made me stop partying! I was in a relationship with a Kris Slater who is also in the industry and I thought everything was great until he started getting really controlling and abusing me. He would choke me, throw me around and verbally abuse me. I thought things would get better but it continued for 3 years. I had him arrested twice and the second time, this last February was the last time I was ever going to let him do that again. He threw chairs at our son and I was not going to let anything happen to him. There is now a restraining order and I have temporary full custody and am going to fight until the end for my son to have a loving and peaceful upbringing.

My worst scene I have ever been through was the one I did when I was pregnant. That is going to be the hardest thing for me to get over. It makes me so mad that the father of my baby and ex Kris Slater would even support that and let me do it. He should have been a man and helped out!

Although, I'm very angry and hurt, I am finally learning to love again and let someone into my life after being numb for so long. When I was shooting I was blocking all emotion and it was affecting my personal relationships with everyone. I had no "real" sex life and was showed no affection because I was used to doing the motions of something fake.

Okay [BruceWayne wrote on 15 Dec 2009 05:54:](#)

I would have imagined it would be more the grownups who are already hooked? Unless they've usually figured out how to get it for free by then. Oh yeah, and btw, this statistic doesn't include p2p and stam browsing, which probably throws the numbers off a little. [BruceWayne wrote on 15 Dec 2009 05:54:](#)

That's it?! Maybe this means '*were caught*
viewing it online'.

When I grow up I want to be a statistic critic :D

OY OY OY OY OY OY OY! An expression of pain and remorse. If only someone would have spelled it out on black and white earlier, to me, how much could have been saved. OY! I'm lying in bed with terrible stomach cramps and reading this stuff, GUYS i was literally crying (a very rare thing). I always heard about these things, but it was to vague (people wanna protect their kids). Sometimes when one looks in shaar hagemul of the ramban, it scares off for a few days. But a living hell, that i've been chasing after makes the pain very hard to bear. Our generation very much represents the greek culture, to serve their bodies, and now it warms my heart to know that the few maccabees, who have unfortunately been victim to this culture, to fight for it. There's a book called "tell the world". Speaking about sobibor camps that weren't spoken as much as others. This issue is being spread under the carpet, but for how long? How many more precious yidden are falling in every day! OY OY OY
