GYE - Guard Your Eyes Generated: 13 September, 2025, 16:46 Keeps crashing Posted by Hakolhevel - 10 Jan 2020 02:27 Do you have gye app? If yes do you have a problem with it crashing pretty often? For me it crashes when I try to search forums or of I am writing a post and I'm taking too long.

Most of the time it doesn't fully crash, just heads back to the home page of the app
