Download the pdf and rename it it as ?????? ???? on the ?????? of....

Aint nobody gonna open it up never

Straight up truth. Just download some other seforim from Hebrewbooks and pop em all in a folder together.

But honestly, why you need to hide it? Get a physical copy and leave it out. There were shuls handing out a vayimaen book awhile back and no one blinked.

It's really hard for people to look down on someone trying to be mchazek themselves in shmiras einayim. Most of the time we have fears like this, it's just our guilty conscience (a.k.a the y"h) bothering us.
