

7Up, ice cream and sushi

Posted by 7yipol - 31 Dec 2009 19:28

I have a problem, and am hoping for suggestions on how to deal with it.

BH the forum has grown tremendously recently. Not only are there so many new members, but also a lot of posting activity.

Heres my problemo: In general, I try respond to most threads. But this is becoming harder and harder to do, and I just dont seem able to 'get there'.

Dont get me wrong; its not that I think anyone will pine away due to lack of 7up attention ch'v - my ego isnt that large yet!

But I do occasionally get emails or PMs asking me if Im ignoring them for a reason, or hinting broadly that they would appreciate a 'visit'.

Suggestions anyone?

The only thing I could come up with is starting a thread (where?) and whomever feels they 'need' a mom, or someone (me) to just write something totally useless and irrelavent on their thread can post a "heads up" and I'll stop by for coffee!

The same goes the other way; anyone not interested in my puny opinion or smily icon can tell me there too!

Thanks

7up

This was previously posted on my thread in the womens section. To see responses,

lol

Seems Ive missed a lot since last checking in over here. Serves me right for being too crazy busy to even read my own stuff.

Teddy, you ask good questions. Before you joined, the forum was mixed, with both men and women having access to each others threads online. Off line communication was 100% assur. Yes; there are female addicts, although much fewer than the men BH. A number of months ago,

for various reasons, we separated the forums. Now, everyone can read the basic mens forum (not the married mens section), but the womens and spouses forums are hidden. Our main goal is to protect everyone as much as possible. I am the official moderator for their side. I rarely read or write on the mens side, other than threads where the thread owner asks for my input (generally via PM) And yes; I am the only woman who can get PMS. Because Im considered an older grandmother (wanna see pictures of the grandkids? ;D) and already decrepit (NO) so Im considered relatively safe. I also carry a revolver which

As for chulent, hmmm deep questions being asked here. I may need to check this one out in the sefarim. Personally, (hold your hats for this one guys....) I dont eat chulent even at Shabbos lunch! But my houseful of sons can eat it at all hours on Shabbos and I often wake up at 1am to

We all know that already!!!!

It's like letting us know that colombus discovered america (although I never got that, since the native americans discovered it way before he did :-\ :-\ :-\ But I guess that teaches us to always rediscover the discovered... HUUU? ? ? ? ? ?)
