i think it's just because of your new pic.

but i get what you're saying

and i really meant it as a joke.

i think you're right

The new picture is only temporary.

Regarding freedom of speech, I think Rule #1 is very clear:

"Posts should not be edited simply because the moderator disagrees with the viewpoint or choice of language of the poster. The GYE forum welcomes diverse viewpoints and creativity, provided that they are within a Torah framework."

Of course, the last 8 words of that rule should not be ignored!

Do you suppose I'm stuck having to put eyeballs somewhere in my Avatar?

At first I thought it sort of fit the name, but now I see it's sort of limiting.

And, really, maybe the Avatar doesn't have to be related to the name at all.

Or do you have to change your name to make such a radical Avatar change?

Give's new meaning to "keep an eye out for you," though.
