~~wants to read through all of bards and dov's posts?~~ Don't all raise your hands at once now

My daughter wasn't listening to what I asked her. Her cousin stuck his nose in and told her to listen. I said to him "she's not your problem, she's mine" Half way through my sentence, I was laughing inside. ;D ;D

Last night I had a bad cold or something and I could not sleep for hours. I finally fell asleep, and I dreamed of the Heilige Guard! he was dressed just like his picture, in a long red Bekishe and that tall tall Shtreimel.

He did not speak to me, but motioned that i should follow him around. I followed him as he went in and out of a bunch of shuls and rebbes houses, putting up posters and talking to people. At one point we got on a train that climbed a long long hill up into the sky....

sure beats some of the other dreams I used to have....

YES!! MY DREAM-PROJECTION MACHINE WORKS!!!

seems like he has a Conscious-Thought-Control-Venjrabulatorizer in beta testing and you were

selected

why do you have to make things so complicated?

it's called a TCL (Thoughts Control Liphannizer) :
