

O'Mottel's Kitchen

Posted by obormottel - 02 Nov 2011 23:29

It seems that a lot of us here suffer from malnutrition, which tends to bring about depression and other *machlas* of the mind. I mean, how are you gonna feel good about yourself, when you're 30 pounds overweight, and you don't even have an excuse of a recent pregnancy?

So pile in, and if you're sick of cholint and kishke, I'll set you up with a nutritious meal that is inexpensive and good for you at the same.

Oh, and we do give out complimentary drink tickets to Bardy's Pub with each meal. You may have to check with Bards, though, if he'll honor them for anything other than a shot of Crapowitz.

And if I'm serving you a milkshake with raw egg yolks and extra heavy cream, I am not gonna tell you it's an organic wheatgrass cocktail.

...

Discount to recovering perverts.

I'll take some extra "extra heavy cream", hold the egg yolks ... and yes, I'll take the discount :-[

there is no shame in admitting the truth.

And here is your 3000 kal cocktail. No yolks, promise.

Reb Mottel! What the gishtaltzimpfleegin have you been cooking while the Mashgiach was out?!

Btw, I think we should consider hiring some of the fourteen-year-olds-who-have-been-masturbating-since-they-were-twelve to help out around the kitchen...

That's a good idea. At least while they're checking eggs, they're not touching themselves.

Two birds with one stone.

So are you serving **stoned birds**, in honor of your first Yahrtzeit?

[There may be halachic grounds to permit non-shechted birds, and as the Mashgiach I feel it is my duty to share some of them:

A. There is a debate whether "Yesh Shechita LeOph Min HaTorah.

B. According to the Pri Megadim there is no Asei on Shechita for Ophos only a Lav.

C. According to Ravina (Menachos 45a) there may be Halachic grounds permitting Kohanim to eat Nivlas Oph.]

I always felt that demanding Lubavitch shchita on chickens was an overkill. Now I know why...it's not even a de'oiraiso...neither is masturbating, according to some...

Well, I insist on a higher standard. No masturbating and no stoned birds in this kitchen.

Hey. I didn't say it's not a D'Oraysoh, I said that there is a Machlokess Tana'im about it [well I didn't actually say that, but that's what I was referring to]. Please do not learn Halacha from any Purim Torahs I post on GYE.

Chef, Mr Mashgiach,

Can you please let me know if you can provide crow with a reliable hechsher? i have eaten plenty in the past but i don't remember what hechsher it had, if any.

Chef, maybe you can braise it in a nice w(h)ine sauce for me.

Hatzlacha in all things GOOD.

Sure! [Rabbi Lazarow's Hechsher](#). However, [Rabbi Hausner](#) disagrees. Ask google yourself next time, he doesnt bite [except when you ask him for images...]

Thanks everyone for visiting in my kitchen. Hope my cooking didn't give you indigestion.

Regretfully, the kitchen is closed until further notice.

Eat well, stay well.

Is it winter by you yet?

Someone took the vodka out of the fridge this past Erev Shabbos. Not cool.
