and counting... (the minyan, that is...)

Rebbe, you're the one who starting counting 1000..., and each on of your posts is so precious, how can we not count them!! I think in a somewhat recent gemara from the daf amongst all the talk about tzedaka, we learn that the gabbai tzedaka is supposed to count one at a time, so that no one will think he is cheating and counting less than there really is. In my humble opinion, each post of yours is a huge tzedaka (which is def not only monetary) to all of us. Keep 'em coming and let us keep counting!!
