I know. There is nothing that can compare to feeling loved by Hashem.

Not even porn.

The rambam says that that only applies to eating pork and the like "mitzvos shimeeyos" but "mitzvos sichliyas" like arayos, we shouldn't be saying "ephshee b'basar chazir" about.

though some might argue [in today's warped society ONLY] that arayos ain't sichli, like a certain pretty brittish lady used to say, "wha-evah"
