Some funny quotes

"Why does Sea World have a seafood restaurant?? I'm halfway through my fish burger and I realize, Oh man....I could be eating a slow learner."

"I'm in no condition to drive...wait! I shouldn't listen to myself, I'm drunk!" -Homer J. Simpson

"I do not like broccoli. And I haven't liked it since I was a little kid and my mother made me eat it. And I'm President of the United States and I'm not going to eat any more broccoli." -George Bush.

"You have to stay in shape. My grandmother, she started walking five miles a day when she was 60. She's 97 today and we don't know where the heck she is."

"The pen is mightier than the sword, and considerably easier to write with."

"Sometimes I lie awake at night, and I ask, 'Where have I gone wrong?' Then a voice says to me, 'This is going to take more than one night.' "

"On my first day in New York a guy asked me if I knew where Central Park was. When I told him I didn't he said, 'Do you mind if I mug you here?'."

A joke

1)A young Jewish man was visiting a psychiatrist, hoping to cure his eating and sleeping disorder. "Every thought I have turns to my mother," he told the psychiatrist. "As soon as I fall asleep and begin to dream, everyone in my dream turns into my mother. I wake up so upset that all I can do is go downstairs and eat a piece of toast."

The psychiatrist replied, "What, just one piece of toast for a big boy like you?"

Since I'm supposed to be working... :-

Hard work never killed anybody, but why take a chance?

Every day I get up and look through the Forbes list of the richest people in America. If I'm not there, I go to work.

Business conventions are important because they demonstrate how many people a company can operate without.

The world is divided into people who do things--and people who get the credit.

If you tell the boss you were late for work because you had a flat tire, the next morning you will have a flat tire.

If hard work were such a wonderful thing, surely the rich would have kept it all to themselves.

I like work; it fascinates me. I can sit and look at it for hours.

I wish my brother would learn a trade, so I would know what kind of work he's out of.

Ambition is a poor excuse for not having sense enough to be lazy.

If hard work is the key to success, most people would rather pick the lock.

People are still willing to do an honest day's work. The trouble is they want a week's pay for it.

Thinking is the hardest work there is, which is the probable reason why so few engage in it.

Working gets in the way of living.

I always arrive late at the office, but I make up for it by leaving early.

And this this is what Bill Vaughan said about New Year's Eve

A pessimist stays up to make sure the old one leaves

and this one is more serious and very true

I used to eat a lot of natural foods until I learned that most people die of
natural causes.

Garden Rule: When weeding, the best way to make sure you are removing a weed
and not a valuable plant is to pull on it. If it comes out of the ground
easily, it is a valuable plant.

The easiest way to find something lost around the house is to buy a replacement.

Never take life seriously. Nobody gets out alive anyway.

Have you noticed since everyone has a camcorder these days no one talks about seeing UFOs like they used to?

In the 60's, people took acid to make the world weird. Now the world is weird and people take Prozac to make it normal.

How is it one careless match can start a forest fire, but it takes a whole box to start a campfire?

Who was the first person to look at a cow and say, "I think I'll squeeze these dangly things here and drink whatever comes out?"

Do illiterate people get the full effect of Alphabet Soup?

Why doesn't glue stick to the inside of the bottle?

This reminds me of the addiction!

Guard! YOUR AVATAR IS HILARIOUS! ;D ;D ;D

ever get an error message just when you were about to go somewhere innapropriate?

A few of the new error messages that were taken under consideration during the development of the Windows XP operating system...

- Smash forehead on keyboard to continue.
- Press any key to continue or any other key to quit.
- BREAKFAST.SYS halted... Cereal port not responding.
- Close your eyes and press escape three times.
- File not found. Should I fake it?

- Runtime Error 6D at 417A:32CF: Incompetent User.

- Enter any 11-digit prime number to continue.

- **Bad command or file name! Go stand in the corner.**

- Windows message: "Error saving file! Format drive now?"

- Windows VirusScan 1.0 - "Windows found: Remove it?"

These are things people actually said in court word for word. I am dedicating these to cry2tatty, who I hope does not sue me for this...

ATTORNEY: This myasthenia gravis , does it affect your memory at all?

WITNESS: Yes.

ATTORNEY: And in what ways does it affect your memory?

WITNESS: I forget..

ATTORNEY: You forget? Can you give us an example of something you forgot?

ATTORNEY: Do you know if your daughter has ever been involved in voodoo?

WITNESS: We both do.

ATTORNEY: Voodoo?

WITNESS: We do..

ATTORNEY: You do?

WITNESS: Yes, voodoo.

ATTORNEY: Now doctor, isn't it true that when a person dies in his sleep, he doesn't know about it until the next morning?

WITNESS: Did you actually pass the bar exam?

ATTORNEY: The youngest son, the 20-year-old, how old is he?

WITNESS: He's 20, much like your IQ.

ATTORNEY: Were you present when your picture was taken?

WITNESS: Are you serious?

ATTORNEY: She had three children, right?

WITNESS: Yes.

ATTORNEY: How many were boys?

WITNESS: None.

ATTORNEY: Were there any girls?

WITNESS: Your Honor, I think I need a different attorney. Can I get a new attorney?

ATTORNEY: How was your first marriage terminated?

WITNESS: By death..

ATTORNEY: And by whose death was it terminated?

WITNESS: Take a guess.

ATTORNEY: Can you describe the individual?

WITNESS: He was about medium height and had a beard.

ATTORNEY: Was this a male or a female?

WITNESS: Unless the circus was in town I'm going with male.

ATTORNEY: Doctor, how many of your autopsies have you performed on dead people?

WITNESS: All of them.. The live ones put up too much of a fight.

ATTORNEY: ALL your responses MUST be oral, OK? What school did you go to?

WITNESS: Oral..

ATTORNEY: Do you recall the time that you examined the body?

WITNESS: The autopsy started around 8:30 PM.

ATTORNEY: And Mr. Denton was dead at the time?

WITNESS: If not, he was by the time I finished.

ATTORNEY: Are you qualified to give a urine sample?

WITNESS: Are you qualified to ask that question?

And last

ATTORNEY: Doctor, before you performed the autopsy, did you check for a pulse?

WITNESS: No.

ATTORNEY: Did you check for blood pressure?

WITNESS: No.

ATTORNEY: Did you check for breathing?

WITNESS: No.

ATTORNEY: So, then it is possible that the patient was alive when you began the autopsy?

WITNESS: No.

ATTORNEY: How can you be so sure, Doctor?

WITNESS: Because his brain was sitting on my desk in a jar.

ATTORNEY: I see, but could the patient have still been alive, nevertheless?

WITNESS: Yes, it is possible that he could have been alive and practicing law.
