is rapidly failing. Unless we can land we are going to crash. We need permission to land at ANY

airport in the Mideast, INCLUDING Israel.

Shortly thereafter, a voice is heard in the Syrian airplane cockpit: "This is Tel Aviv airport calling Syrian Airliner 174. We would like to help."
"G-d bless you," said the Syrian pilot. "What should we do?"
Responded Tel Aviv airport, "Repeat after me: Yitgadal, v'yitgadash"

'Jews sink Titanic!' says the co-pilot.

GYE - Guard Your Eyes Generated: 25 July, 2025, 18:33 Re: Arms Race... Posted by markz - 24 Dec 2015 23:23 The plane leaves Heathrow Airport under the control of a Jewish captain; his co-pilot is Chinese. It's the first time they've flown together and an awkward silence between the two seems to indicate a mutual dislike. Once they reach cruising altitude, the Jewish captain activates the auto-pilot, leans back in his seat, and mutters, 'I don't like Chinese..' 'No rike Chinese?' asks the co-pilot, 'why not?' 'You people bombed Pearl Harbor, that's why!' 'No, no', the co-pilot protests, 'Chinese not bomb Peahl Hahbah! That Japanese, not Chinese.' 'Japanese, Chinese, Vietnamese... .doesn't matter, you're all alike!' There's a few minutes of silence. 'I no rike Jews!' the co-pilot suddenly announces. 'Oh yeah, why not?' asks the captain.

'What? You're insane! Jews didn't sink the Titanic!' exclaims the captain, 'It was an iceberg!'

Two Jews were sitting in a Tel Aviv cafe in the precarious days after Israel first had won its independence, and one said to the other, "I only see one way out."

"What's that?"

"Israel must declare war on the United States."

"What are you talking about? How could that possibly help us?"

"Well, we'd lose at once and the Americans would send an occupying force. They would form an alliance with a new pro-American government, guarantee our boundaries, flood us with American capital, establish our industries, and make us prosperous."

"Hmmmm! I see your point, but it won't work."
"Why not?"
"Because with Jewish luck, we'd win the war and spoil everything."

To Exercise Or Not To Exercise
It is well documented that for every mile that you jog, you add one minute to your life. This enables you, at age 85, to spend an additional 5 months in a nursing home at \$5,000 per month.

2. My grandmother started walking 5 miles a day when she was 60. She is now 97 and we don't know where the hell she is (btw where's hell)
3. The only reason I would take up jogging is so that I could hear heavy breathing again.
4. I joined a health club last year, spent about \$400. Haven't lost a pound. Apparently you have to show up.
5. I have to exercise early in the morning before my brain figures out what I am doing.
6. I don't exercise at all. If God meant us to touch our toes, he would have put them further up our body.
7. I like long walks, especially when they are taken by people who annoy me.
8. I have flabby thighs, but fortunately my stomach covers them.
9. The advantage of exercising every day is that you die healthier.
10. If you are going to try cross country skiing, start with a small country.
11. And last, but not least, I don't jog - it makes the ice jumpright out of my glass.

2- I'm in shape

And one more thing. It's just a teeny little maybe, and you should never do it for this. But sometimes our wives, even while trying to lose weight for themselves, don't REALLY want to be they're down. They know we're looking at everyone else.
When we work on that, all of a sudden they have a little extra resolve and lose a little more
weight
Does it work the other way too?

When the wife works on her part, all of a sudden we will have more resolve to lose a little more
