I work in a frum office owned by frum people. However there're many females working there as well. They're seated separately but they pass by a whole time. There're many of them that are very attractive. It's almost impossible to keep your eyes shut the whole day. I'm sure that there's millions of other Jews in the same or worse circumstances. So is there any solution to this issue?

I'm sure there's no magic solution. But there must be some way of keeping your mind clear.

There're a few men that chill with some girls as well. Even though I never did so. (Not cuz I'm better I happen not to be outgoing). When seeing that it also doesn't bring great thoughts into my mind.

So if anybody has a good idea I'll appreciate it.

Thanx

Guard your eyes has heard our call, and is actively looking to build a massive office building, in the Tri-state area, for male members only. This will relieve many people the challenges of seeing women in their offices.

Currently they are seeking 6 fundraisers.

### **To apply you must first sign the "Tool Free Agreement"**

committing to abstain from using any lust relieving tools provided on the guardyoureyes websites, or any affiliate websites and subsidiaries.

The offices will initially be selling

- [Parve Cholent](#)
- Glasses that cloud when any female is within 200 yards
- Life insurance for truckers that use these patented glasses

Resumes should please be sent to...tba

If you really want an only men's office, "YOU GO TO B&H".

This is not to say there is gender discrimination as many seculars confuse. But men & women work separately. A big Kiddush Hashem!

I'm just havin' fun. You're being too serious and may get shouted at by a moderator on this string.

what does B&H stand for? Balebattim&Housewives

(Separate off course)

I can request from the administrator if they could also build a women's only skyscraper, but that's not yet on the cards (they're busy with poker, don't disturb)

Sorry it took me almost 20 hours to get your / shlomos joke - Id nominate you the janitor - cos  
that's usually the funniest character in the building, and you get to clean the bathrooms so you  
can collect all the cockroaches

I'll pass. No thank you. (I'm just going to throw up now). I absolutely hate bugs, I turn into a  
teenage girl when I see them.

That was for SG for he's a brave fellow, cos he said yesterday he can contend with [many

I'd hire you in the kitchen - maybe you're very efficient at opening tucan's at a time
