A priest was called away for an emergency. Not wanting to leave the confessional unattended, he called his rabbi friend from across the street and asked him to cover for him. The rabbi told him he wouldn't know what to say, but the priest told him to come on over and he'd stay with him for a little bit and show him what to do. The rabbi comes and he and the priest are in the confessional.

A few minutes later a woman comes in and says "Father forgive me for I have sinned." The priest asks "What did you do?". The woman says "I committed adultery."

Priest: "How many times?"

Woman: "Three times."

Priest: "Say two Hail ***s, put \$5 in the box and go and sin no more." A few minutes later a man enters the confessional. He says "Father forgive me for I have sinned."

Priest: "What did you do?"

Man: "I committed adultery."

Priest: "How many times?"

Man: "Three times."

Priest: "Say two Hail ***s put \$5 in the box and go and sin no more."

The rabbi tells the priest that he thinks he's got it so the priest leaves.

A few minutes later another woman enters and says "Father forgive me for I have sinned."

Rabbi: "What did you do?"

Woman: "I committed adultery."

Rabbi: "How many times?"

Woman: "Once."

Rabbi: "Go do it two more times. We have a special this week, three for \$5."

Some can't wait for **Black Friday**

yilbash she'chorim

One day Yankel succumbed to eating a small piece bacon.

He felt so remorseful that he had nightmares and couldn't sleep at all for a whole week. In the end Yankel became quite depressed about it. So he decided to go and see the rabbi. "Hmm..., a small piece of bacon" said the rabbi, "you must start regularly attending shul, and after each prayer during the day you must say three chapters of tehillim." Yankel agreed. As soon as he could he went to shul and joined in the Mincha prayers. Then he sat down on a bench, picked up a sefer and started to read his three chapters of tehillim.

*Yankel couldn't help noticing a chassid sitting next to him, with the full garb - **black** hat, **black** payot, long **black** beard, dressed in a **black** frock coat.*

The chassid was also reading from the sefer tehillim, but not three chapters --- it looked like 20 or even more the way he was whizzing through them... No! It was forty chapters!

Yankel was shocked.

He thought to himself, "Such a pious Jew, with his black hat, payot and beard - and he would eat so much Treif!"

I made a resolve to not go on GYE after 9 PM. I find that i am more vulnerable at night, and that reading the forum will sometimes depending on what it surrounds, will arouse my mind and lead to the "bad" things. So I took a resolve on myself to stay away at night, so far its working. Before i would be on the forum, i don't know if i was on to become aroused while reading or it just happened and then i would fall. I hoping to Keep this current streak going right now I'm at 9 days my longest in a while.

A Letter from Men to Women

To all women,

On behalf of all men I would like to clarify a few points:

The floor is considered an acceptable clothing storage location.

When watching TV hugging is always fine because I can still see the screen. Kissing should only be done during timeouts and commercials. Questions should also be limited to this period as you stand a much better chance of getting an immediate response.

If you don't like the way I am driving close your eyes. And I would appreciate it if you would refrain from making that reverse inhaling alarmed noise. I haven't hit anything yet and if I do it will be your fault.

If you want me to put the seat down when I am finished then you should leave the seat up when you are finished. It's only fair. And stop giving me a hard time about missing the bowl. What do you expect from an organ that has a brain of its own.

I will cook anything as long as it is on the BBQ.

Yelling to me across the house sounds exactly like stadium crowd background noise to me. I am not ignoring you.

Thank you for your understanding,

From all men.

... cordy is drop dead funny. w/o humor this forum would suck. i just came from an SA meeting that was FUN! there was a lot of laughter and also a lot of seriousness when necessary (a guy even cried at the meeting abt his divorce). i have found that nothing can take me out of a bad mood as good as humor

I'm gonna say two things that at least one person won't like

1) *"In too many cases, there's at least one person that doesn't like something each person writes on the forum"*

2) There are many many trucks heading to the final destination "There's no one sobriety tool that works for everyone"

Some take gas, some take diesel, some beer... Whatever it takes!

"There's no one joke that works for everyone"

Guys that take gas eg Cordnoy, Shlomo, **need to** share jokes that diesel truckers, like myself think are crude (oil).

In my first days I reported one of Cord's jokes to the moderator

I'm waiting for a reply. I know what it's gonna be and diesel truckers should KOT and not click on this

Warning: Spoiler!

Please respect when someone shares a joke, to click 'Thank you' and laugh, or ignore and KOT.

This applies to everyone. When someone shares a joke on the having fun forum, and you don't like it, let him have his fun and KOT

Hey Cordnoy watch out - did you see what I wrote under "you know you're on gye too long when...

Warning: Spoiler!

Mark, I'm shocked.

A man who drives a cement mixer truck for a living notices a strange car parked in his driveway. He blows his horn repeatedly to no avail. As revenge he fills the car with concrete. He walks into his house with shouts of "Mazel Tov" to discover that the car was a present from his wife
