With the knowledge of markz, and with the knowledge of stillgoing, in the topics posted above and in the topics posted below, we allow the telling of jokes and expressions of humor, even by sinners aka participants in ThreadsThatWillNotBeMentioned.

The following is a public service announcement:

Due to increased demand, it has been decided that a new thread be opened for those posters who have nothing else to do with themselves other than sit on GYE and talk about their problems.

Please note: No bathroom / Toilet / Restroom jokes are allowed.*

We begin:

Two elderly ladies were in the car together. One says to the other, "You keep going through red lights!" And the other one goes, "Oh, am I driving?"

Harvey and George went golfing every Saturday for 50 years. One day Harvey returned home for the course looking spent.
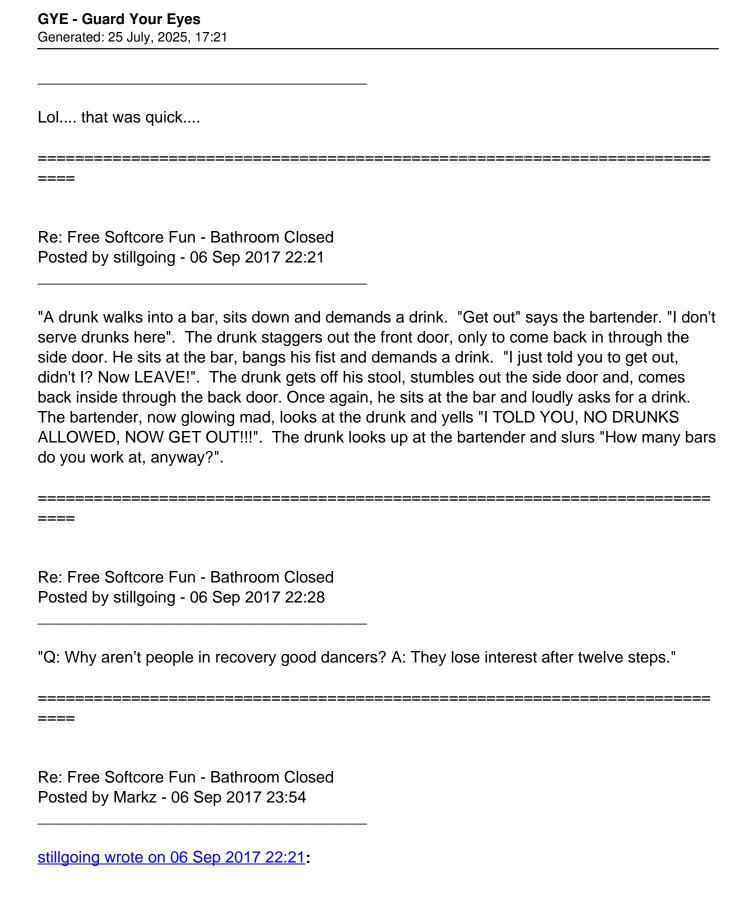

"How was the round?" asked his wife.

"Terrible," he said. "George died on the eighth hole."

"Oh how awful!" she replied

"Tell me about it," Harvey said. "After that, it was hit the ball, drag George, hit the ball, drag George."

*We at Softcore follow the words of our senior posters with utmost devotion. The content of this post does not necessarily reflect the opinions of its author.

Well stealing is subjective.

If you really want it he has a mitvah of chessed to give it to you.

So if you take it you're doing him a favor cause he gets a mitzvah.

"A drunk walks into a bar, sits down and demands a drink. "Get out" says the bartender. "I don't serve drunks here". The drunk staggers out the front door, only to come back in through the side door. He sits at the bar, bangs his fist and demands a drink. "I just told you to get out, didn't I? Now LEAVE!". The drunk gets off his stool, stumbles out the side door and, comes back inside through the back door. Once again, he sits at the bar and loudly asks for a drink. The bartender, now glowing mad, looks at the drunk and yells "I TOLD YOU, NO DRUNKS ALLOWED, NOW GET OUT!!!". The drunk looks up at the bartender and slurs "How many bars do you work at, anyway?".
