

Embarrassing things we all do and think

I realized that most of the embarrassing things we do, we all do. I figured it would be funny if I listed some and any of you can share yours and we can all get a good laugh realizing we all do the same stuff:

1) "Klapping" selach on shabbos by mistake and immediately opening our hand and scratching our chest and arm for a really long time, maybe even sliding to other places like "oh! This itch wont let up!" Same with kissing our tefillin during krias shema by maariv.

2) When I daven for the amud I always check my phone or listen to the guy next to me to make sure I'm saying the right "yom" before blurting out the ending, even though I already know what day it is.

3) When we get caught staring through the car next to us's window we carefully continue to look in the same direction, just missing eye contact...like, "I wasnt looking at you pick your nose- I was intently staring directly at the spot of bird stuffs on the hood of your car"!

I gave a grand derasha once, there were very chashuva talmudei chachumim {rabbanim, roshei yeshivos, etc.} at the head table, it was a pilpul, and somewhere in middle I forgot which rishon/achron said what, tried looking into my papers but saw it'll take me to long to figure it out, so I humbly asked the head table yidden to fill in my void...

turns out no-one followed along...

Had to itch my ear for quite some time, to conceal my ear {as if I had a airpod}, because someone saw me talking to myself in the streets...

I once davened maariv during the weekday to a shabbos maariv. After maariv someone came over to me to say "Good Shabbos". At first i didn't know what he was talking about... That was my first maariv for the amud in 9th grade..

This morning I was davening shacharis (don't get too excited, I wasn't the ???) in a nusach Sfard shul (like I nearly always do, thank the Lord), and, for some reason, after the ??? following ??? ?????, I, quite loudly of course, start on ??????. Yes, while everybody else (and the usual me) went to the ??? ?? ???.

And again, of course, the guy next to me gave me that look.

Hmmm. Lots of questions to be asked.

I'll let the mods make the final judgement, but I highly doubt this qualifies as something "we *all* do and think."

Oh well!

Let me try again... Trying out the latest hit song for Lecha Dodi or Kedusha for the first time and ending up in a complete solo with no-one to guide you and having to switch tracks midway cuz you yourself got confused...

You plan on getting one item from the grocery store and end up getting a million other things \$\$\$ and forget that one item you originally planned on getting!
