Of course, intimacy on Nittel with your wife is a lot better than P&M.

Just saying.

Posts like that are why people sometimes question your level of seriousness.

I personally dont appreciate such questions.

Don't be silly - it doesn't look good on you.

How about you go see how many times that there is a more chamur issue of intimacy than Nittel Nacht . Lets say for example RH. Yet its pretty clear in Shulchan Aruch that if it will bring to Hirhurim its better to be intimate.

Its always better to be oiver on a minhag if not being oiver on the minhag will bring to a true issur.

Im working with the assumption that nittel is even qualified as a minhag which is probably debatable

Got a PM empathizing for the backlash

I'm just sitting here laughing out loud!

I find this discussion hilarious.

If the OP would have written *'Although there seems to be a moker to be stringent, one should be aware that it's only a minhag/inyan/drabonon or whatever and should take that into account under the circumstances'*

I would have even awarded him with a thank you and a karma.

He wrote something else and I justify the sarcasm that I responded with

[BenHashem you have full permission to respond]
