As a homeless man myself, I recently got this idea on how to make money I started the world's first used tissues company. I plead with all of you to please donate your used tissues. It saves lives!!

Sure! what a great cause, I happen to have a whole stash of spare used tissues in my garage.

Just a few Qs:

Where do I send them?

Are donations tax detuctable?

Can your adds be "1877-snot2snatch donate your snot today, *that's snot which is green* (vacation voucher not available in Organ)"?
