

Yerushalayim snif of "Bardy's pub"

Posted by Kollel Guy - 28 Jan 2010 21:35

Ok, for all us Israelis who can't keep up with the American 8:30 L'chaim (3:30 for us), we are making an official Eretz Yisroel L'chaim for all GYE members here.

We'll call it for 8:15

All those davening by R' Tzvi Mayer have a chance to get done with their fish.

For those davening by R' Itche Mayer, I'm afraid you will have to be yotzei the L'chaim with Kiddush.

And for those davening in the shteeblach, you can have to have your L'chaim with the ice cream.

dunno know if this has been discussed before, but what exactly are the parameters of yerushalayim?

"lifnei hashem elokeichem" - yerushalayim? mikdash? eretz yisrael? kibush yehoshua?

so, i just wanna know, if im sitting here in (somewhere in ey outside of yerushalayim) and having a drink,

do i belong in this pub?

well, l'chaim, gut shabbos!!

I am in New York, but whenever i want to connect with the Radiance of Yerushalaim I head over to this Pub.

Here we can actually ingest some of its '*spirit*'ual wonders!!! ;D

I searched high & low for the Yerushalayimer Kretchma to no avail.

Couldn't find it in: Meah Shearim, Beis Yisroel, Geula, Zichron Moshe, Altshtadt, Rovah Hayehudim, Ezras Torah, Kiryas Sanz, Sorotzkin, Minchas Yitzchok, Belz, Sanhedria Murchevet, Ramat Shlomo, Arzei Habirah, Har Nof, Givat Shaul, started heading to Ramot & almost went to Beit Shemesh! (I stayed away from Rechov Yaffo - It is definitely not there!)

Where is it hiding? Is it in Silwan or Wadi-el-Joz?

maybe Mishor Adumim?

i think it is in Tzefas.

veste fregen, that's not yerushalayim, asida yerushalayim shetisrachev ad Damasek and GYE is of course part of the ohr chozer of yemos hamashiach.

We circled Rechov Yerushalim, went up to the fortress, down the British Street of Stairs, looked in both Ari Shuls, The Beis Yosef, Mahari Abuhav, Bas Ayin Shuls too. We checked out the Sanzer & Kosov Shteeblach along with the Vishnitz Beis Medrash, toiveled in The Arizal's Mikva & searched ion the caves in the Beis Hachaim.

Ich hub gezicht mit lecht from the Candle factory.

Maybe we should borrow the Army Intelligence's 'listening' equipment from atop Mount Meron?
