perhaps they should consider renaming Reyka - to GYE-ka.

and get on the bandwagon.

Does the Geicko gecko drink GYE-ka?

Pardon?

Do ship overseas?

May I request some gin or cider? Yeh, Ice col' cider...

can you ship it via courier? I don't like them postmen.

I am from way out in the former break-away colonies. Now known as the United States of NY.

Have you gotten a grudge against the rest of the '**Jewel** on the Thames'?

Forget the **British Airways London Eye**, just keep the **GYE London Eye** in good shape!

P.S. If there is a Fair Lady on London Bridge trying to entice us, I am perfectly happy to have it all fall down!

have you been to the old Beis Hachaim in York.

(The original York, not New York)

((BTW, there is a place in the UK called New York too! But New England is in the Northeast USA))
