I'm sorry to hear that. This shabbos we had the rmnants of last weeks with some new onions and meat. That's cuz last week was T'bav and we didn't get that sunday night leftover chulentfest. So we had the chulent (applejuice pepsi) sitting there all week. It made erev shabbos easiser cuz the chulent was mostly ready. But, it wasn't that good in the second gilgul. Oh well.... There's always next shabbos.

i think the saying goes: Whatever works

so if black ticklish jelly beans help you keep on the right side of sobriety, close the hole in the ozone layer and save the whales, then by all means...
