

sachlav cham

Ok, so I'm a nebbish and don't know bubkes. Anyways, I've heard of an Israeli drink called sachlav cham "???? ??" (hot orchid). I was hoping to find a mail order business that might have some I could order.

So, does anyone know of a mail order (or better yet on-line) place to order sachlav cham?

I think the Bedouin make it the best.

Not so sure if they're big into the whole on-line thing.
