There appears to be some strange kind of dance going on here, and I may have to call in the National Geographic team to report on it. "Teddy Bears in the mist and Rage Goodall" might be a good title...

But seriously. Something weird is going on here. Just my 2cents.

its was actually an ac/dc reference....what? no one here listens to ac/dc? "shvach", as my half-japanese friend used to say, "shvach, baby, very very shvach...."

for a name like Rage Against The Machine - ac/dc is a bit tame, no ?

just teasing (i'm an old schooler too)
