1. there are no DEAD batteries, only powerless ones
2. you count the steps going to the second floor and there are only 11 steps. You call a contractor...
3. You kid runs in saying he fell, you say "fell shmell"
4. You tell your friend that you called because you 'Just wanted to say hi' and hang up
5. sometimes you feel that now you are 'Just Having Fun'
6. every Gerrer chusid gets surreptitious looks, 'maybe he is the heiliger Guard'...
7. when you meet someone new you tell them "hi and welcome, you should be getting the official welcome package soon..."
8. passing roadkill is a meaningful experience
9. if someone says the Bardichever lived 200 years ago, you say 'nuh uh, he lives in Kentucky and drives a big truck and sells ice cream
10. you are at a bris and you hear the baby is named 'Dov' and you go over to the baal simcha and say that is a beautiful name, he asks "why so?" and you say ummmm, well you see, it's a long story, not for now and change the subject

11. you go in to meet an adam gadol and he asks you how things are going, you say "Baruch HaTatty"

12. you are at the grocery and you stop at the 7up and start grinning

I don't know what number we're up to here but....

-you ask your gardner if its possible to put a green tree in your heart.

-you hum urie's niggun to give urself a boost (man that's real old time stuff)

-you feel like dancing when u get pulled over and the cop says 'you hit 90 on the parkway'

-you walk in and order an ice cream sushi

-your wife says you have a thread on your jacket and you say 'I'm leaving it there, that's an important one'

-someone says their making a kumzitz and you ask which thread its on.

-you equate woodford with sobriety

- you equate chulent with sobriety

-you equate possums with sobriety

-you here someone asking for help and respond by saying 'you can do it just for today'

-you choose to participate in a group chizuk call and miss your traffic ticket court hearing.

-you wonder what crackerjacks would taste like with some extra possum

- you think every lady named chani is married to a harry

-you ask ur accountant if he's part of an accountability group

-you start looking for gematrias in license plate numbers instead of looking at the lady in the next car over.

-you think people who write entirely in caps are sweet.

-you reply your not sure if your ready for a live meeting when your boss tells you hed like to have a word w/ you.

- you come late to a chavrusa for no good reason and tell your chavrusa you need to work on your third step.

-you carry your moral inventory with you to mussar seder

-you get a lot less nervous letting people use your computer because you haven't used it to surf p\* anyways in a long time.

-you remember the chizuk email reruns from the first time around

111 (approximately). After you decide to use your real name on the forum for the sake of honesty and recovery, you start introducing yourself to people in real life as "Eye.Nonymous," or some other type of name like that.
