hi everybody. clean 100 days here. but looking for chizuk in continuing this journey to where we all know we want to be. A little about me. born modern- became frum later in life. Had prob with m\* since I was able to. I began working toward recovery about 2 years ago. I had a lot of ups and downs, I am finally at a point where things in that area of life seem to be leveling out. only thing is everything else is so up in the air..... I actually dont know whether Im comin or goin. But Hashem has a plan for all of us, and thats what we need to follow.

Nice truck zemmy. Wide stance to keep from tipping over on sharp curves. Long travel suspension for those big bumps. Suped-up engine for the long steep hills. Looks like just what is needed here.

Stay on track, BOT!!!

Gevura!

Trucking Keep On

On a serious note. this reminds me. we say

lishuascha kivisi **Hashem**

kivsi **Hashem** lishuascha

**Hashem** lishuascha kivsi

The more we call out to Hashem, the closer he comes to us.

I'm feeling like I wanna avt out . There's 2 reasons. 1) I feel stressed bc I have an issue w/ a rav in my area who I feel is looking down at me right now due to a pretty heated issue I'm having w/ another guy in shul. 2) the addict in me says he f\*\*in bored and wants to have some fun.

I think its more the issue w/ the rabs. There is really a heckuv a lot more to this but I can't type it all. Specially not on my phone. At any rate. Thatnks to the pilam for all the help.

Last couple of days been bizzy dizzy. Which is gr8. I know work a lot outside of the office so much less computer time.

we have to truck along

if the road is pulling you down, its a sign that you are going uphill, so just press harder on the gas

This is my new signature, it's such a great line! Unless you object or want royalties, of course.
