

Back on Track's trekking along

Posted by Back on Track - 07 Aug 2011 19:45

hi everybody. clean 100 days here. but looking for chizuk in continuing this journey to where we all know we want to be. A little about me. born modern- became frum later in life. Had prob with m* since I was able to. I began working toward recovery about 2 years ago. I had a lot of ups and down, I am finally at a point where things in that area of life seem to be leveling out. only thing is everything else is so up in the air..... I actually dont know whether Im comin or goin. But Hashem has a plan for all of us, and thats what we need to follow.

maybe i need to read further back on the thread but im not seeing the connection btw elephants and drug smuggling into jail....

oh are you saying that if they would've used an elephant to smuggle the drugs in instead of his wife then (using the racecar/monstertruck superpowers) he wouldn't have been caught:?

monsta trucks, elephants, drugs, possums, gestaltzinfleegen and lithuanian hovercraft

if these things don't seamlessly mesh it means you don't have enough _____

ok, you want to know what?

there is an old chabad saying (Mottel, please correct me if i got it wrong)

there are three things that if they don't 'work' at first you need to keep getting more of it:
chasidus, vodka and money.

so that's the answer. i think. lechaim. hic

Ack... My thread is wearing thin...so lonely.

Just a thought iva had for sometime- thhere is a major battle-a-bruin regarding the SOPA. (Google it if u don't know what I talkin). Antways- I think its great. The webs growht will never be reveresed. But- the bigger it gets the more conservative it will have to become. The longer it goes, the more law enforceemnt will be required to com up w/ laws thatd define and portect society and perhaps- just maybe our children will grow into a world where some degree of real control exists online.
