I don't know if this is chizzuk, but I just say to myself. Please Hashem, not the way of death, please, please let me go the way of life. This is how I made it through today, from early morning to 8:27 am. ;D Than everything starts falling into place.

In any case MAZEL TOV on the 29, that is BIG. How did you get to 29?

One day at a time. One challenge at a time. Daven for syata dshmaya constantly. Give up lust. It's not you!
