WOW, the jetlag is finally over I think. and the lust is beginning to simmer.

I have this, this, this GIRL living in my house now, I didn't see her yet, but I caught a half glimpse of her yesterday and then another half this morning, I don't think I'll be able to avoid seeing her on Shabbos, unless of course she doesn't participate in the seudos [which is highly probable by the way].

I went to visit my friend yesterday at his office, OMG, I don't know how he survives in that place. Let's leave it at that. Then I went shopping in the Kolel Grocery in Boro Park surprise surprise! Thursday afternoon it's fiiiiiiiiiiled with females. I made a shtikkel a fool out of myself giving a speech at a sheva brachos- I was trying to be funny, I think the oilam enjoyed, they were laughing their heads off, but I need to relisten to the recording to make sure they were laughing with me not at me.

Now that jetlag is gone I need to get more serious about my learning, I wonder how that's gonna pan out. vrrrrrrrrreouashiiiiiiiiiszcfretyyyy

Hashem, I'm looking forward to getting to know you.
