3 months and 6 days clean according to SLAA recovery. And 49 days clean according to SA recovery, and any one els. Maze tov.

Whoaaaaa...!! What does that mean?? whats the difference- isnt clean the same across the

board? You are clean if you were not MZ"L on purpose? right? what else are you referring to?

Depends where you coming from. Some people it's hard for them to stop all at ones and it takes time so there are different groups. However most yideen to to SA and cut rod everything. Me it took sometime but now I am there one day at a time.
