

Help! My business partner...

Posted by arlu164 - 30 Nov 2012 14:36

---

Dear All,

I need your urgent help!

I just found out that my business partner married with 5-6 kids is chatting and texting with shiksas and who knows what else...

What should my next step be? Approach him? Talk to his Ruv???

I will send him an email from Guard your eyes... but I don't think this will do the job.

Dear All,

I need your urgent help!

I just found out that my business partner married with 5-6 kids is chatting and texting with shiksas and who knows what else...

What should my next step be? Approach him? Talk to his Ruv???

I will send him an email from Guard your eyes... but I don't think this will do the job.

How much do you know and how did you find out?
