

laughingman tries to count to 90.....

Posted by laughingman - 14 Mar 2013 16:01

as of today all my posts are here as far as my own topics are concerned

i have had 2 falls but i am now a week into a new streak

i have had success in breaking some previously unbreakable habits

not m***** habits ...thoses i have dealt with somewhat but even farther

as a result of the rules that i follow through the 90 days and though i have slips about once in 2-3 days every day foward breaks that tooo down so that it becomes less frequentand eventually non-existent

i recently got the s3 and i have had soo far Thank G-d no desire to sttempt to use it for searching ****

i personnaly dont use software barriers for myself (for my kids i do of course)

i can break them too easy ...the only way out is personal honesty

as all of these things are for now personal actions

and it is working ...hopefully it will continue though im sure the real war is coming

well gosh it is quite on here to day . You know that since i have been on here i am looking at things or maybe its cause i've been clean 15 days differently . I was just thinking a lot i have to come to grips with if i am going to stay clean . Right now my life is good no stuff or stress ,that could change and may trigger me. I hope that u are able to hang on i do know that g-d is a big part of staying clean . If it was not for him this site and the help i have gotten from some others on here on here i would not have made it to this point and i have not come so far. I have been clean this long before but it is different this time . I am tempted a lot but i know i am never sastified . I agree we live in insane times and it is going to get worst. so i want to encourage you hang in there ,I never thought i could do what i have done I've been addicted for probably 40 years or more at this oint life is better i see things and am much more aware of my triggers things i never saw before or wanted to see just wanted to act out . hold on to g-d and one day at a time

Maybe it was quiet cause the worlds problems have burst our worldseveryone on here may feel at times like they live in a story part of a quilt of storiesbut with recent events our stories may seem irrelevant in the face of the fear of attack or even potential annihilation....but this too is yh manipulation...

On top of real fear of real things.....life for me in some ways seems stagnated

I am feeling weaker then i used to bei have a hard time doing anything.....i suspect i may have actually a combo of anxiety/depression/ptsd...and i continue to go undiagnosed properly qnd probably will remain so..i havent found in 8 years a therapist that was affordable (e.i. free or subsodized) and serious about helping.....

In th3 meantime i drudge on in my recovery here feeling that thanx to my anxiety but deep down i know this makes me stronger....i recently finished masechet brochet in self study....i know random i just wanted to say somewheremay the Holy One Blessed is he send us moshiach

Everyday for the past weeki have had in my mind alot to write hereabout my recent falland what i feel are the direct consequences of iti demand alot of myself after a fall.....i pray alot of additional teffilottikun clali....mikvehdonations.....etc.....these are intended to be part of my taphsic tools and to remind myself of the very real damage of transgression....even in the face of very real progress ...i have reached a level where not

looking at women in public is nearly instinctual at timeswhen im in a bad mood its more glitchy but then im not payinh attn to anyone anyway.....but at home there remain two battlesone is the netand that is entirely different now that i disclose to certain ppl what my searches are.....and my wife who is still nearly permanently forbidden to me till further notice basically....everything's fine between us ...but shes going through alotand she is working on it ut testing and whatnot in medical takes a whilebut i deffinitely have gained even where i was weakcause another thing i have been working on is truly desiring G-ds attn...i truly begin to feel that whatever forbidden etc the sitraachra wants me to wantcloseness to Hashem is infinitely more desirablei even avoided a surefire fall senario after i had fallen....usually a hard time for meand maybe i will make it maybe i wontbut today i choose closeness to the infinite master over fleeting chemical addiction at least alittle

Its been soo incrediblethe ups and downsi have sooo much happening at all times
....sometimes to trap us the yetzer ra shows us "dead moshe"a senario that makes being
good seem hopeless ...like in the desert by har sinaithe only way to bring the jews down was
to show dead mosheand make them hopeless....but G-d is personal ...2hat the yetz3r
doesnt say is that this will bring more tikun to dobut it will be doneeventuallyeven by
force....Yeshtuva can sometimes reverse or fullfill a tikun needthags why its therei have
continued to fight even if i failedcause while failing changes my chart it doesnt change all my
progress entirelythose clean times are mine.....and other times where i am stronger cout
too.....May Hashem forgive all our transgressions here even if we only spoke of them here
because we admit there is a problem

Reb Yisroel Salanter writes that in every person there is contained two yetzer haras; one is a natural one and the other is a spiritual one. The spiritual yetzer hara is the power of tumah from a malach or a messenger whose primary purpose is to seduce the person to commit aveiros. The natural yetzer hara is the powers of desire which is engrained and embodied in a person, for by himself, he has tendencies for such things – even without any outside influences.

He notes that there are differences between the two.

The Medrash says that at the time of the Revelation at Sinai, the yetzer hara was removed from their hearts. Rabbi Friedlander writes that this refers to the natural yetzer hara. After the forty days – when Moshe still did not descend, they began to doubt the authenticity of Moshe. The spiritual yetzer hara was able then to 'kriech arein' into Klal Yisroel and cause them to stumble. This, he accomplished, by showing them 'Moshe's bed (coffin),' and this resulted in the sin of the Golden Calf.

When a person is on a lofty level, he does not need to combat his natural yetzer hara, for that has been removed from him. However, the spiritual yetzer hara looks for a crack in his armor, and when he finds it, he pelts him with whatever ammunition he has at his disposal.

Cordnoy, what with all this Torah stuff- what's 'krieching' into you?? :-)

...That was a beautiful tzushtel!

So, according to R' Friedlander, there's a special yetzer hara for yiush/ depression?

Don't push it!

Next you'll tell me you wanna know what the differences are and how he explains how our generation is able to bring about the geulah when our predecessors could not.
