

laughingman tries to count to 90.....

Posted by laughingman - 14 Mar 2013 16:01

as of today all my posts are here as far as my own topics are concerned

i have had 2 falls but i am now a week into a new streak

i have had success in breaking some previously unbreakable habits

not m***** habits ...thoses i have dealt with somewhat but even farther

as a result of the rules that i follow through the 90 days and though i have slips about once in 2-3 days every day foward breaks that tooo down so that it becomes less frequentand eventually non-existent

i recently got the s3 and i have had soo far Thank G-d no desire to sttempt to use it for searching ****

i personnaly dont use software barriers for myself (for my kids i do of course)

i can break them too easy ...the only way out is personal honesty

as all of these things are for now personal actions

and it is working ...hopefully it will continue though im sure the real war is coming

Sure thing Man!!!

But insane might be saying it a bit mild.

Please pray for miraclesi am aware we are not supposed to rely on miracles but i see no other way

my dear friend

these things are perfectly NORMAL by every definition of the extent of normality

loads of people have lapsed signing dates

if hashem wants you to stay you will stay, remember loads of people have moved many times
??? ?????? ?????? it will anyway be the way hashem wants, just accept it

issues with kids? who doesn't have? thats a highway which is always under construction!

your life picture is extremely normal, just tune yourself in the attitude that everybody's life is more-less the same, i am not perfect, nor nobody is

in a yeay or two, you will look back and be a loughingman about it

maybe the real problem is I suffer from anxiety disorder so that any and all things in life that might be normal or even expected but cause any kind of difficulty cause a severe mental reaction that I don't always succeed in dealing with

like today a hot plate we use was damaged and I flipped out

the problem is that many times I flip out on otherssometimes on those who have nothing to do with the problem ...I don't do anything just yell ...but even that is bad and I recognize that ...

I have to get this in checkbut at the moment my main concern is management of the issue im dealing with right nowI may have severely damaged my marriage

sometimes I feel like I don't belong in normal lifemy outbursts have gotten down to a few minutes but my wife cant deal with themI don't know what to do

im trying G-d please help me

Things are better todaybut the ramifications of things means i lost a whole day that should have been easy enoughpossibly the easiest day i shoulda had in years and i spent it being miserable and thereby making my family miserablei sure have fallen wellwell not in my addiction thank G-dbut still not as good as id like

But other things are starting to look up as they never had before

On a different notei been thinkinthere are many here who are crushing their inner personalities to dust trying to control themselvesin the meantime there isnt still a whole lot of supportgye website is like THE only one of its kind

People seem soo nieve of the need to address these issues in contemporary and urgencyand then pretend surprise at the very likely negative long term results

Sometimes its difficult to divulge about a situationin the past i was more loose with things like that and i nearly was destroyed for itso now i tell things more guarded ...but things are alittle betterif not how i hoped altogether

I get very impatient on things i might have no business being impatient about
