

laughingman tries to count to 90.....

Posted by laughingman - 14 Mar 2013 16:01

as of today all my posts are here as far as my own topics are concerned

i have had 2 falls but i am now a week into a new streak

i have had success in breaking some previously unbreakable habits

not m***** habits ...thoses i have dealt with somewhat but even farther

as a result of the rules that i follow through the 90 days and though i have slips about once in 2-3 days every day foward breaks that tooo down so that it becomes less frequentand eventually non-existent

i recently got the s3 and i have had soo far Thank G-d no desire to sttempt to use it for searching ****

i personnaly dont use software barriers for myself (for my kids i do of course)

i can break them too easy ...the only way out is personal honesty

as all of these things are for now personal actions

and it is working ...hopefully it will continue though im sure the real war is coming

I will give a perfect example of what im talking about

I would love to join a live group butliving in israel that seems alittle tough fyi i dont live in yerushalyim OR telaviv or modiin ...

Phone groups are great soundingbut dovs 12 step group is 7 pm my timeand on mondays and thursdays till the end of the school year (june 30) especiallycause the kids have basketballand the rest of the time 7 is usually dinnerthough during summer it might be easierbut in the summer america goes to vacation mostly

I dont really have anyone live here who i can open up to like i do here especially the franknessmy wife is actually very understanding about what im doing hereand very supportivebut i dont involve her

...she has enough things to deal with....

Theres always more but thats just a glimpse of the chess like nature of my current routine..

Kudos to someone for startin' this conversation again.

Mr. Laughin' man...you don't even share on this thread.

you've been around almost the longest, and we don't even know what you struggle with.

Is it too much Diet Coke like the rest of us?

Perhaps it is that allergic reaction we get when the tags of our undershirts ruffle our skin?

In all seriousness, you sound like you're dealin' with a lot of heavy stuff.

That bein' the case, it is even more incumbent upon you to reach out.

and my apologies, but the excuses above are simply b.s. (and many of them that I use myself). I personally have relationships with people in israel. Others do as well. There are many phone

conferences, but even if not, there are many nice guys in Israel as well (I don't know any, but I'm sure there's gotta be one or two), and in South Africa, Portugal, yes Romania and Ukraine as well, England and more.

So listen please to the advice of the fellows....find someone to talk to...please.

thanks

b'hatzlachah

I struggle with severe anxietyits a chemical thing to some extent ...

I also struggle with lust addictionparticularly visualand some m*****i also struggle with a past full of mistakes and errors that each on its own is the largest and smallest but are together the sum of their partswhile at the same time its not ALL my faultthere were many who set me back intentionally ...some for biased reasonsim not making this up.....soo tired

Anxiety can be bad enough without aggravating factors. The 12 steps help us clean house, make amends for our past mistakes and misdeeds and live an emotionally sober life. This way we can face life and its challenges with confidence and pride.

Sounds good! Hatzlocha chaver! There are a lot of different roadblocks inside us whenever
trying something new...because if it is worth anything at all, it can't possibly be comfortable or
easy.
