

laughingman tries to count to 90.....

Posted by laughingman - 14 Mar 2013 16:01

as of today all my posts are here as far as my own topics are concerned

i have had 2 falls but i am now a week into a new streak

i have had success in breaking some previously unbreakable habits

not m***** habits ...thoses i have dealt with somewhat but even farther

as a result of the rules that i follow through the 90 days and though i have slips about once in 2-3 days every day foward breaks that tooo down so that it becomes less frequentand eventually non-existent

i recently got the s3 and i have had soo far Thank G-d no desire to sttempt to use it for searching ****

i personnaly dont use software barriers for myself (for my kids i do of course)

i can break them too easy ...the only way out is personal honesty

as all of these things are for now personal actions

and it is working ...hopefully it will continue though im sure the real war is coming

In my life i have constantly blamed myself for every negative outcome ...if i even had the slightest hand in turn of events ...i dont know any other way

All i do now is keep thinking back and realizing that worst of all i constantly denied myself any good by stopping providers of good from helping me out of paranoia

I am rarely intimate with my wife too. I love her though. Honestly the intimacy shows only the level of my sobriety - so i treat it like a gift.

Of course, i acted out despite the good intimacy with my wife

This sounds serious. Please be evaluated by a psychiatrist for depression. They say that 1 in 5 people suffer today from depression. Why should you suffer needlessly? I have seen so many people helped with some simple medications (will almost no side effects). It had a drastic effect on them and the depression disappeared! It's just a chemical imbalance in the brain. Make sure to take care of this ASAP. Depression is horrible!!

And please insert into those prayers how grateful you are to God for giving you the opportunity to take care of your wife for so long, and that she and the family are constantly on your mind, and your primary focus in life is to provide for them, and although you may have stumbled from time to time, that does not diminish your efforts and your deeds and your progress.

Hi Dov,

Wasn't here for a while....

The Taphsic method was broken and I had to pay the price in full because of falling without doing the small things to keep me back, but never made one again, afraid that I'll have to pay it again.

I hope one day I'll decide otherwise, in the meantime I'm really struggling to get back up on my

Never thought anything can be this hard!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Today I fell again which brought me back here.
