

laughingman tries to count to 90.....

Posted by laughingman - 14 Mar 2013 16:01

as of today all my posts are here as far as my own topics are concerned

i have had 2 falls but i am now a week into a new streak

i have had success in breaking some previously unbreakable habits

not m***** habits ...thoses i have dealt with somewhat but even farther

as a result of the rules that i follow through the 90 days and though i have slips about once in 2-3 days every day foward breaks that tooo down so that it becomes less frequentand eventually non-existent

i recently got the s3 and i have had soo far Thank G-d no desire to sttempt to use it for searching ****

i personnaly dont use software barriers for myself (for my kids i do of course)

i can break them too easy ...the only way out is personal honesty

as all of these things are for now personal actions

and it is working ...hopefully it will continue though im sure the real war is coming

I am NOT suggesting you go to meetings - I rarely do that for GYE guys for few of them are addicts. But I know you so I am just saying it is an option if you really want to meet other guys who understand.

I didnt end up calling anyonei simply ran out of timebut i had more than enough time to fall and damage myselfwhen i act out i am being selfish and i fail to learn to actually give to others including my familyand i fail to remember to keep going through and give up my frustrations to G-din effect that is what my avodah needs to be nowto simply give my frustrations over to Him when i feel like usingbut i still didnt practice it enough

Sometimes ...especially when i am multiply late to pray and/or i get yet another person urging me to either throw my smartphone to the sea or expect not to be redeemed

...i feel extremely depressed and i feel that as it seems Hashem is angry at me I might as well give upentirelynot just here but in all aspects of lifeof course these thoughts i

recognise as rather childish and immature im surebut i do feel them when things i am trying to do that are positive keep falling through

I acted outits all really a product of much bigger issues ...that are not getting dealt with because of the crushing guilt i feel from acting outall the times before as welland also guilt from every mistake or neglectful or hurtful.thing i have ever donei know its probably classified as a sort of illnessbut it does have weight in the realand soo it continueswe are now in year 3 and my wife has to change doctors and who knows if this new one will be willing to give her whats rightfully hers

...it all sort of controversial in the medical community ...which in some cases sort of acts like a mythology class or insurance agent rather than a group of scientists trying to alleviate someones pain

Hi chaver and thanks for trying to get in touch...we need to find times that work for both of us, my schedule is pretty simple actually and the limited time I have is still there and usable, if you call then.

My question to you is this:

Has anything changed at all in your life or relationships in the past years, or are you still the victim of the exact same unhappy circumstance and troubles and other peoples' needs?

Or has something changed in how you live without being a prisoner to Hashem's obviously apparently sucky will?
