

I'm Trying!

Posted by imtrying25 - 14 Oct 2009 22:44

i cant believe that i stumbled on this site!! This may be the greatest thing ever to happen to me!! Im really new to this site and i am somewhat confused it seems there is so much going on here. Is there someone i can talk (email,chat etc.) to that can give me a basic rundown about this site?? Im what you call a "kollel yungerman" and imm suffering from a porn addiction for so many years. To say ive given up is an understatement!! Every time ive tried something else coame along and...BOOM! im sure you all can understand me. Im hoping that after all these years this might just be my salvation. Ive already signed up to 90 day chart but it seems there is so much more this site has to offer.

Do you really think that your pic is better than mine. When i couldnt ride my bike anymore i got off and walked **and** at the same time chugged my bicycle with me! ;D I have checked out your thread before but not thouroughly but ill get to it. Im sure its very inspiring.

You're 100 percent right. Women have a tayva to impress men. YET----this is not the reason they dress the way they do on a daily basis. (I understood that's what we were discussing.) A frum women doesn't put on a makeup and think ' oh goody, now all the guys on the strt will think I'm georgous". She knows she looks pretty and feels good about it. They would be horrified of the thought that they might have been machshil other men. And if she talks to a guy and he stares at her in that way, she won't feel good. She'd feel like she's treated as an object, instead of takin seriously. (Disclaimer:I'm talking about frum women, in general. There are always ppl who need attention and will get it any way possible)

Above is a qoute of a post you wrote somewhere else. (I still havent figured out how to carry a quote over so i just copied and paste so you dont get the blue background sorry) Anyways i totally agree with every word you wrote. Its something that has been bothering me for a really long time. After much thought and i mean much thought i came out like what your saying.

Women dress up the way they do because they like looking nice and presentable. They most definitely dont mean to trigger men to lustful thoughts. And more if they would know they would be disgusted by it. Its just their natural way of being. But of course us perverted men dont see it that way. Its us with our messed up minds that get triggered by it. Now im not saying women could wear whatever they want but most of the time this is the case. Now youre gonna ask "How are you so sure of yurself and your *pshat*"? Well i have thought about it and from some commen sense that i sure hope i have AND from the fact that i have 9 sisters helped me come to this conclusion. (hope i didnt just give away my identity)

But of course i meant that there are others here too and we are all in this together. But for some of us we are still on the foot of the mountain looking up at the specks of peple up there and encouraging eachother to get up and meet those people who are in such a high and lofty place. ;D

um, the us pervert men part, can I disagree with the pervert?

That is how Hashem made us.

It definitely leads to perversion on behalf of some men, but the feeling is OK. It makes us great!.... when we deal with it correctly!!!!

i.e. realizing intellectually that this is ridiculous, and begging Hashem to save us from it.

We can feel closer to Hashem way more than the women, because they are already there and do not have to work on the closeness.

In general anyway (both for men and women).

I liked the dead bodies line, Dov.

Ok ok everybody take it easy on the new guy on the block It seems that ever since ive joined ive just been getting bashed. :D Phew! But dont worry, like i told dov before as long as i know and feel that its coming from love i can take it all. **SO BRING IT ON GUYS!!!**

Now ill get to what you guys have on me.

um, the us pervert men part, can I disagree with the pervert?

What i was tring to say is that the men whove had problems with p*** and stuff usually think in a certain way whenever they are looking around. I saw someone quote on this site something to this effect yesterday from a site that talks about these things. Anyways i dint mean to offend anyone i was just saying it how i see it. I think men who dont have this problem or have worked on it and have gotten places dont think every women on the street is dressed provacitvly. Its just women being women and I with my warped mind see things differently. Its something ive put alot of thought into it, honestly and i feel that i have a valid point.

I agree with reb kutan, for whatever it's worth. And: Just because I'm a pervert, does not mean I

must continue perverting. I'm sober today!! Yahooooooey!

Hey dov i wasnt saaying that we should continue on this way chas vesholom. i was just saying that there is another side to this and women arent trying to provoke or trigger us and we should understand and realize that.

Life is like a river.

Hey GUARD what in the world is that supposed to mean??????

And most of all i must be doing things right and my tricks are working cuz now i even got the attention of 7UP. woooooow. It was all worth it just for that.
