

Bigmoish's path to tahara

Posted by Bigmoish - 29 Jul 2014 23:01

I just posted my story in the "introduce yourself" forum. It feels like a weight off my shoulders already, but I hope I can really do this.

I already woke up this morning with the YH in my head, but I managed to brush it off and go

I do have filters on my computer at home, but cannot have them installed at work. I am b"h in a stage where I would not jeopardize my job by watching NSFW materials at work.

The reason I didn't mention that as part of the plan is because although I have watched p***, that is not really my major issue.

I am primarily focused on clearing my thoughts from fantasies about **real** people and putting an end to my m**** habit/addiction(jury's still out on which one it is).

The websites I was referring to above are ones that are purportedly not for the express purpose of promoting the objectification of women e.g., news, business, etc. I feel that in a way, these are easier to stay away from voluntarily, because the yetzer hara to "sneak" onto forbes.com is not that strong.

Thanks for the ideas, shivisi. Clean today on this plan so far, so I'll let you know if I make any tweaks.

Regarding your ma'amar chazal at the bottom, I heard recently that the difference between a "Ba L'Taher" and a "Ba L'Tamei" is "**M'sayin** Lo" v. "**Poschin** Lo." The difference is that one who wants to be Tahor needs help from outside - a siyua - like the gemara says "Ain chavush matir atzmo mibais ha'assurim." Whereas someone who wants to be Tamei only needs a Pesach - Hashem gives him a door R"L and he walks through it all alone.

That's why these forums are so awesome.

Where is that vort from please?

Il have some unanswered questions.

Points to ponder:

Did everyone (you all know who you are) disappear to the "secret forum?"

Has it really been 3+ years since I posted on this thread?

Do any of the links in my signature still work?

Does this "autosave" that keeps popping up as I type prevent the age old problem of long posts disappearing into cyberspace?

Did anyone/everyone think I stopped reading every post on the forum?

How many more days of not posting after this post will it take @grant400 to ask if I'm still here?

Is anyone else still as bummed out about @pickamoniker as I am?

How is everyone doing?

Hey! A blast from the ancient past! Us new guys who learn all of the old threads like it's the bible really respect you elderly chaps. Um, excuse me- you have some cobwebs on the left shoulder of your tweed smoking jacket. Yeah, next to the hanky...yea it's off now.

It's always great to converse with one of the founding fathers. Most have gone their merry (hopefully) way, hanging out in the "Secret Forum Society", forgetting about the freshmen who can use their guidance and experience in this ageless uphill battle.

How's it going? Now that you revealed your centennial presence you can be sure that @Grant won't let you leave us leaderless once again. Maybe you can even energize Rabeinu Cordnoy Shlit"a. He usually only exits his igloo to make a "maacha", ice fishing or to warm his frigid eskimo bones with a big tumbler of bourbon.

About that autosave thingy. It's definitely a valiant attempt to correct the old problem you brought up. It was indeed a common problem back in the times of your president, Mr. Polk. Many moons before President Grant. Its an added feature lobbied for by the #Equestrian lives matter organization in both houses and was passed with bipartisanship because it was a severe problem and was causing many people in your time to spend too much time retyping and ignore their chores. The horses weren't being watered and fed properly.

All jokes aside it's great to see an old member around.

So! How's it going Grandpa? Sorry...couldn't resist...okay I'll be serious from now on.

Grant

Can't you see, hic, I'm busy here in Anchorage? We are, hic, countin' these friggin' votes by, hic, hand one at a time, and every time there are two Biden, hic, votes in a row, we make paper airlines with them both and see who can fly theirs into the fireplace. We are not so good at this game, which is why there are still over 137,000 friggin' ballots left to count (although the ratio of ballots to population keeps growin', what da hell is up with that?). So please tell that Moish guy BH, life couldn't be better. Maybe that's why I'm still here, to go back into hibernation and I'll see him at the usual place. Hic.....

My GYE addiction has reared its ugly head.

Spent too long browsing the forum, now I won't have time to search for porn.

I guess trading one addiction for another is okay sometimes.

If you're still doing that...why did you take such a long hiatus?
